Terrible Suffering in the Trenches; Paris Being Searched for Clothing

THE INDIAN TROOPS ARE ADDING STRENGTH TO ALLIES' BATTLE LINE

CHOLERA HAS NOW APPEARED IN FATHERLAND.

London, Oct. 3.—The North German Gazette admits the appearance of cholera in a Roman despatch to Reuters, a Telegram company, but assures the public that the outbreak is well in hand.

ALLIES ARE REINFORCING

The Tired Troops Exhausted From Continuous Fighting—Tentons Aggressive On the Wings, Guarding Center From Wedge Movement to Split Armies.

(ASSOCIATED PRESS TELEGRAM)

Paris, Oct. 3.—After having tried in vain recently in the north of France to break at Tracy-le-Mont and then at Roye the strong line of the allies, the Germans have renewed their fierce attacks between the latter city and the region of Arras. Their latest efforts in which they have been hurling their forces against the French and English in trying to gain a decisive victory have had no better results.

The French, in an official statement, frankly admit a slight falling back at the left of one of their detachments. On the other hand the allies have not only successfully opposed the terrific onslaughts of the enemy at other points but have made gains as well. The allies continue to pour in their troops at points where they are needed to replace those worn out by the hard fighting or in filling gaps in the ranks. It is assumed that England's native Indian troops, whose arrival at Marseilles last week has only just been announced, are either at the front or in its vicinity. They have greatly strengthened the French line which is roughly estimated now numbers 750,000 men. Lieutenant Colonel Bousquet, the military critic of the Petit Parisien, in reviewing the situation says:

"It is now on our left that the battle takes on the most imposing proportions. When one considers that after hardly a month of fighting the enemy was nearly at the gates of Paris it can be seen instantly how much territory we have gained on the Germans who brought on crushing us."

"The enemy has brought to its right large forces, hoping to break our offensive, and at the same time it returns to attempt the passage of the Meuse. It is making thus a visible effort on two wings, and at the same time guarding on the rest of the front in an expectant attitude. This is the old tactic of flanking which appears unfortunately, for it has no more the merit of secrecy than that of surprise. We know it too well now to have it still imposed on us."

The troops in the trenches are suffering severely in the chilly nights and consequently a number of British supply officers have visited Paris and have purchased all of the available supply of warm clothing, furs, comforters and sweaters. Each man in the field has been supplied with a blanket, a waterproof sheet and an overcoat but the districts where the fighting is proceeding are subjected to thick mists, making a long sojourn in the open air unendurable.

British Artillery in the Battle of the Aisne.

This photograph of British artillery in the battle of the Aisne, which experts are beginning to say will go down as the most stupendous military operations in history shows the difficulties under which the enemy labors, at times, in trying to locate guns. After the discharge of these guns immense columns of smoke arise, obscuring them. Inasmuch as they are constantly discharging they are enveloped in smoke, and it is very hard to make a target of them so as to destroy them or the gunners.

Vienna is Alarmed Over Russian Invasion, and Food Prices Jump

(ASSOCIATED PRESS TELEGRAM)

Venice, Oct. 3.—Latest reports from Vienna show that the population is seriously alarmed over the possibility of a Russian invasion. Official notice in the papers have announced the closing of many favorite Sunday excursions from Vienna to the surrounding forest, because the

highest points are fortified. This has produced much uneasiness.

The report is being circulated that the work of transferring state treasures and archives already has been begun. While this report appears to be unfounded, it is significant as showing the state of the public mind. Prices for many articles of food have

taken a sudden jump, especially in the case of vegetables which are selling at double and triple the ordinary rates. The Austrian premier, Count Karl Sturgkh, received yesterday a deputation of influential representatives of Austrian industry. The delegation urged that immediate measures be taken by the state to prevent further unjustifiable advances in the prices of

breadstuffs as the high rates already are causing much hardship among the poorer classes.

It was declared that farmers, especially in Hungary, were withholding supplies in order to obtain still higher prices. The premier promised that the government would do its utmost to prevent such exploitation of the consumers.

Bryan's Tour of Ohio Begins Next Thursday At Bucyrus; Other Dates

FOUR KILLED IN EXPLOSION 21 INJURED

(ASSOCIATED PRESS TELEGRAM)

London, Oct. 3.—Four men were killed and many injured today by an explosion of the powder works at Tetbury, near Oxford. The explosion occurred at about 11 o'clock and was heard for several miles. The works were situated in a valley and the explosion caused a large amount of damage to the buildings and the surrounding country. The bodies of the four men were recovered from the ruins of the works. The injured men are being treated in the local hospitals.

THREE CAR LOADS OF RAVELINGS FROM HOUSEHOLD LINEN.

(Associated Press Telegram.)

Rome, Oct. 3.—(Via Paris, Oct. 3.)—A meeting of the Germans was held here today to collect funds for a war present to the Fatherland. The women in attendance gave all the valuables they possessed and a chambermaid insisted on giving her bankbook calling for 3000 lire (about \$600) although she was urged to keep a part of it.

The German women here have sent to Germany three cars loaded with ravelings for the wounded, made from their household linen.

WOMAN'S HUSBAND, NOT A NEGRO, IS GUILTY OF MURDER

(Associated Press Telegram)

Columbus, Oct. 3.—W. H. Deans, colored, who was arrested on the night of September 21, when Mrs. Ida Hoolihan identified him as one of two negroes who attacked her while she was in a field near Fifth and Cleveland avenues with Lawrence Avery, a soldier, was released today.

The police are now searching for Charles Hoolihan, Mrs. Hoolihan's husband, who was arrested under arrest.

The Allies Have Withstood Fierce Onslaughts Upon Their Slowly Advancing Line, But It Is Expected That Before They Can Claim Victory, There Will Yet Be a Long and Terrible Struggle

GERMANS AND AUSTRIANS AT DEATH GRIP IN EAST

With Russians, Where it is Said Emperor William Has Planned a Four-Fold Offensive Movement, Expecting to Return to the Western Arena When This Gets Under Way—News Filters Through of Advance of a Russian Army So Far Unheard of Which May Now Require Attention of the Defenders.

French and German reports agree that the fighting on the western end of the battle line in northern France continues without decisive advantage to either side.

In an announcement made at 3 o'clock this afternoon in Paris the French war office says that a violent action progresses in the region of Roye, where the allies have repulsed all German attacks on the left wing.

A statement from the German army headquarters issued last night said that the right wing of the German army in France had renewed efforts on the part of the allies to outflank it. To the south of Roye, the French had been dislodged from their positions, it was declared. German advances in the Argonne region were recorded while the situation on the center was reported as unchanged.

Today's French statement says that the army of the crown prince has been driven back in the Argonne district and that slow but continuous progress is being made by the allies in the Woerthe district. Nothing, it says, is to be noted on the line from Reims to the Argonne region.

Reports from the eastern arena of the war continue conflicting. Glowing reports of Russian suc-

cesses with a new invasion of East Prussia emanated from Petrograd and other pro-Russian sources. On the other hand it is claimed that the German army which drove the Russians from East Prussia, is making a serious invasion to the east and that an important engagement along the river Niemen is imminent while other German and Austrian forces are checking the westward movement of the Russians in Russian Poland and Galicia.

The government dependable reports indicate that the really great battle is being fought at Cracow, where an unnumbered Russian force is attacking the Germans and Austrians there united in immense strength.

Still farther apart are the contrary claims regarding the struggle of the Austrians against the armies of Serbia and Montenegro. An official statement from Serbia says that the Balkan allies have gained a brilliant victory at Vafresentza. According to Austrian reports the invaders of Bosnia are being scattered while the counter invasion of Serbia proceeds satisfactorily.

A new German casualty list adds 9000 names to the dead, wounded and missing. The wounded include Prince Joachim, the emperor's youngest son.

According to Rome advices, a cabinet crisis is approaching due to differences as to the attitude of Italy. Reports of the illness of King Charles of Roumania are revived. Those opposed to the monarch's friendliness toward Germany insist that these reports are issued to ro-

verthrow of the invaders it is essential that they should advance as far as possible from their base of operations, especially at this season when the roads are practically impassable.

The fighting at Usok Pass in the Carpathians, was so fierce that there was no time to bring ammunition. Nearly 1000 guns were in action but the rifle fire was so strong at times it seemed to drown the artillery.

Austrians' Stubborn Defense Causes Them Enormous Losses In Passes of the Carpathians

(Associated Press Telegram)

London, Oct. 3.—No news could be more auspicious for the Russian plan of the Petrograd correspondent of the Times, than the news now received, that the enemy is advancing in force from Silesia. It was feared that having entrenched in the line from Kalisz and Gzesczowka, he would await an attack but it is now expected that the main blow of the Germans will be directed towards the upper reaches of the Vistula.

The plans of Duke Nicholas, the Roumanian commander, are not known but it may be surmised that the Russians will take full advantage of the splendid defensive line of the Vistula. For the complete overthrow of the invaders it is essential that they should advance as far as possible from their base of operations, especially at this season when the roads are practically impassable.

The fighting at Usok Pass in the Carpathians, was so fierce that there was no time to bring ammunition. Nearly 1000 guns were in action but the rifle fire was so strong at times it seemed to drown the artillery.

"The Austrian's obstinate defense of the pass caused them fearful losses. Entire companies were wiped out by the Russian fire and piles of Austrian bodies choked the trenches, many being interlocked in the death struggle with the bayonet."

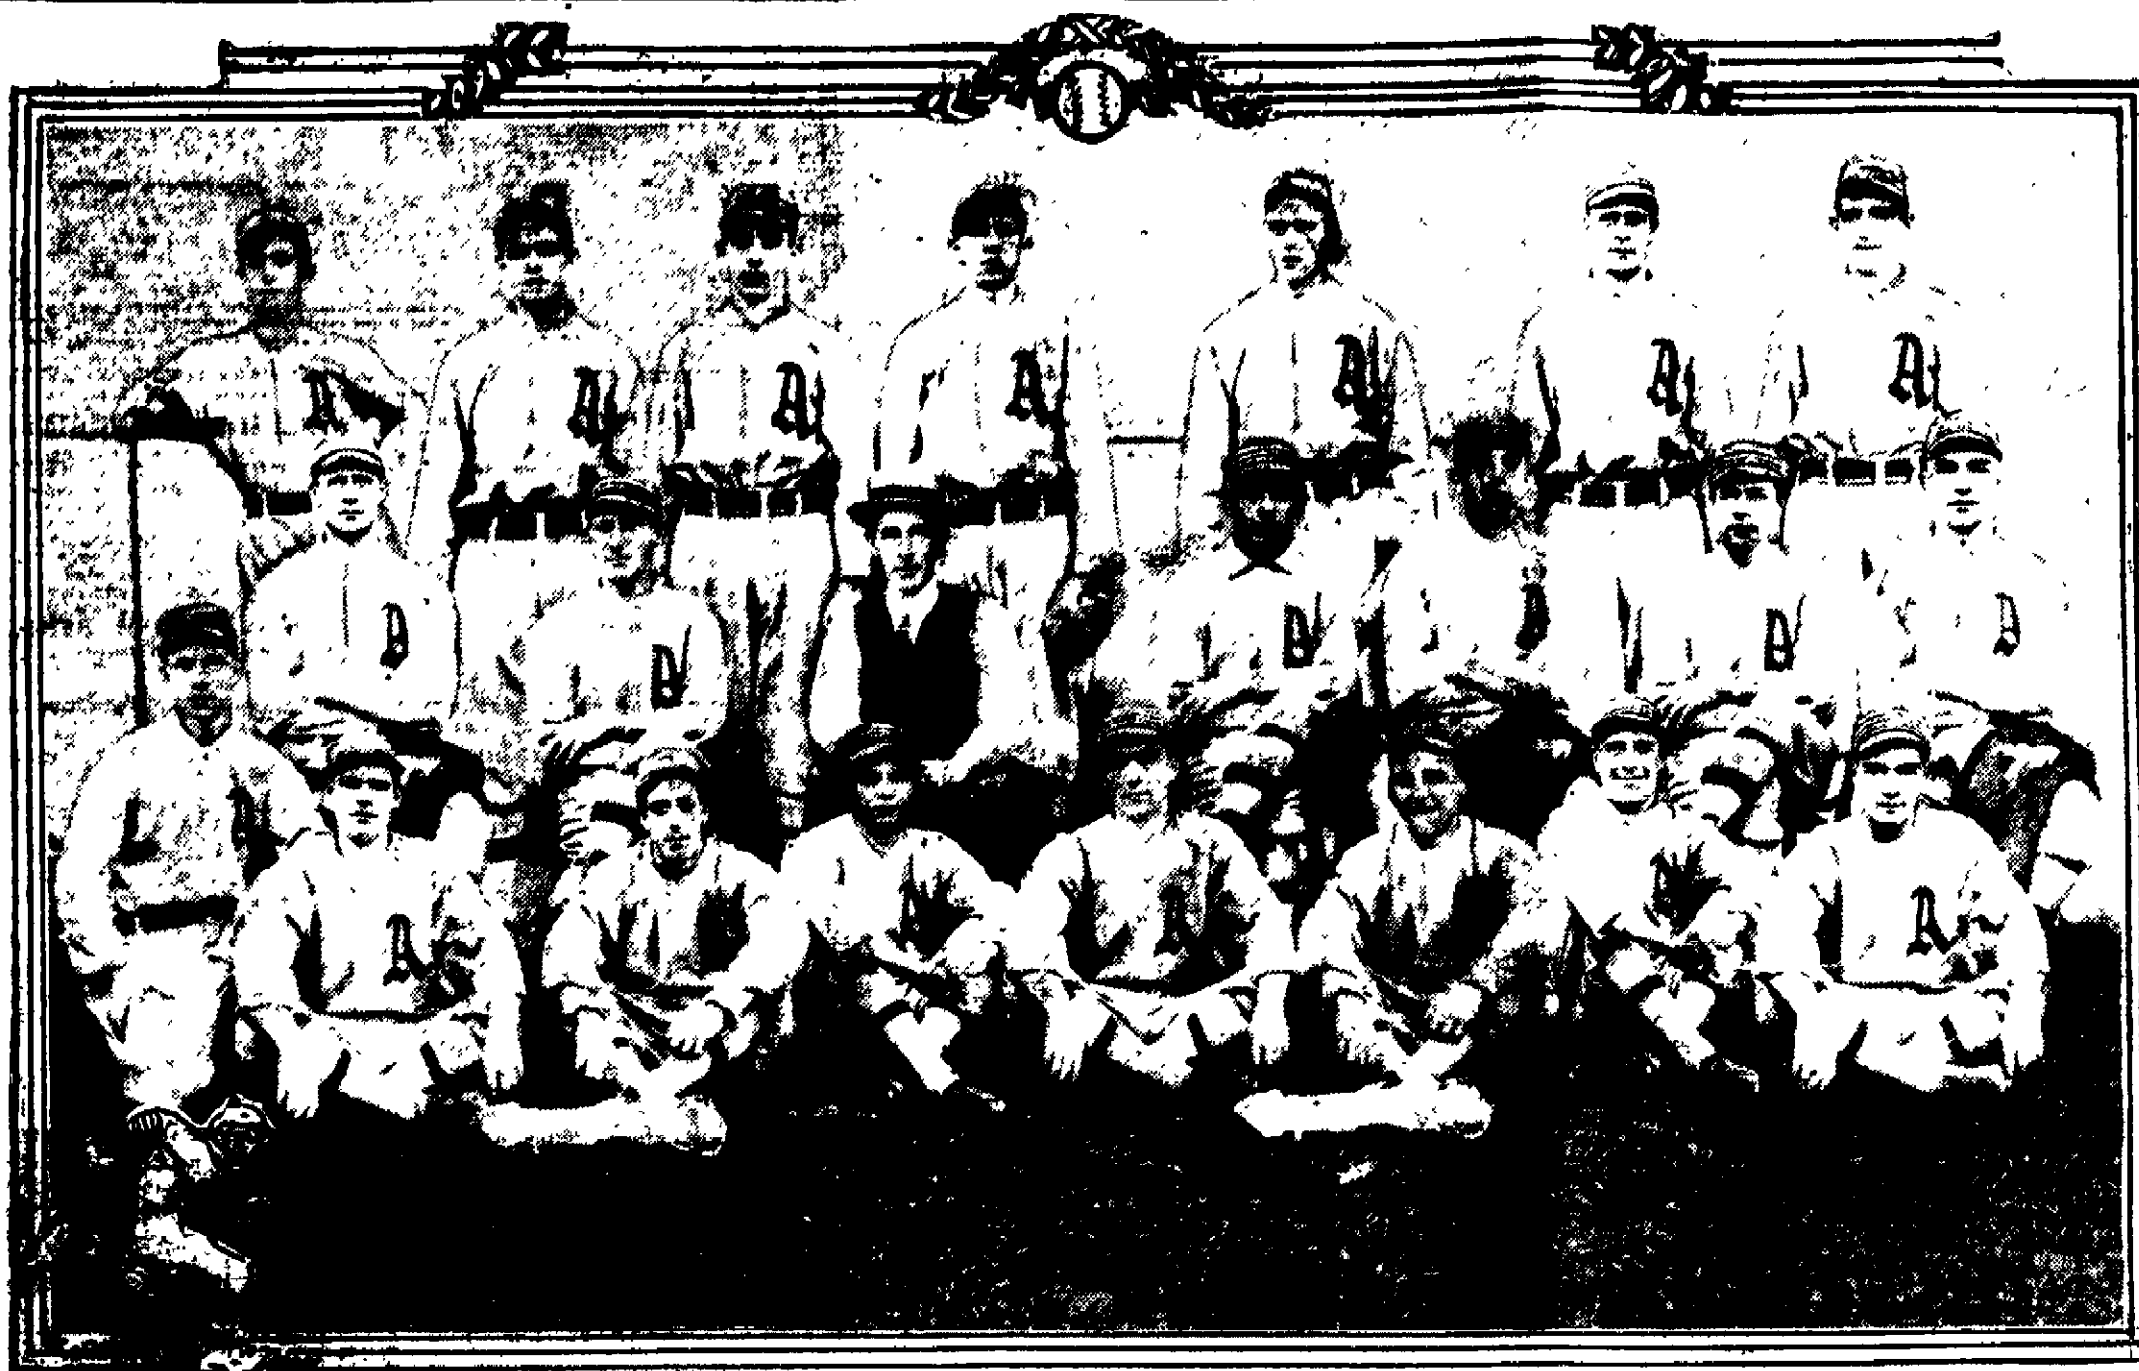

Turkish Ambassador Quits Washington Without Changing Opinion of American Lynching

(Associated Press Telegram)

Washington, Oct. 3.—A Russian despatch says that the Turkish ambassador, who has been in Washington for New York and today is on his way to Turkey. In a statement before leaving, the ambassador said that he was quitting the United States on leave of absence at his own initiative. He explained that this step which he had undertaken without conferring with his government with which he had not been in communication, was the result of the attitude of the United States towards statements he had made comparing lynchings in the United States and in the Philippines in Turkey.

When government officials indicated that an expression of a modification of the ambassador's views would be welcomed by the United States, Russian despatch notified the secretary of state that his opinions were unchanged and he took leave of absence.

Successful Fair Closes With Attendance, Weather, Exhibits and Races Most Satisfactory

The sixty-seventh annual Licking county fair closed Friday and is said to have been one of the best in the county's history. The attendance Friday was 13,128, a record for the last day.

The weather was ideal and could not have been more favorable under any circumstances. The exhibits and attractions were of a high order and the races some of the best ever witnessed in the state. The fair officials are deserving of the greatest commendation for their untiring efforts to make the fair a success and it will go down in the annals of the society as one of the greatest in the history of the association.

Thursday's race program consisted of a 2:24 trot, a 2:20 pace, a 2:15 trot and a running race. The racing officials were the same as served the previous days, F. D. Woodland, starting judge, W. V. Vance, Orville Kiger and John Willis Fulton, racing judges and Ben B. Jones, Amos Groves and George Groves, timers.

The first heat of the 2:24 trot was not called until after 1 o'clock and was won by a Newark horse, Miss Birchleaf, owned and driven by William Priest. The next two heats were won by Dr. Lytle, and the next two by Bud Fisher. Under the rules of the American association it would have been necessary for the horses having two heats each to their credit to have raced the sixth heat to decide the winner but the owners agreed on a money division and Dr. Lytle was awarded the race.

In the 2:20 pace there were eleven entries and only three heats were necessary to decide the race, being won by Dolly Dimple. There was much rivalry and several close and exciting finishes. In the second heat Ben W. went off his stride and the horse following going at too fast a clip had to try and cut in to save him going over the other driver. The wheel of the bike caught in the other and there was bad mix up, two horses going down with their drivers. One of the horses ran away but was easily stopped at the gate leading to the stable after the heat had been finished. The report was brought to the grandstand that one of the drivers had suffered a broken leg and a hurry call was sent for the Baxter & Bradley ambulance. It was not needed, however, as no one was hurt. One of the horses was withdrawn and the race was finished.

There were only two starters in the 2:15 trot, Sweetheart and Island Queen. As the race did not fill it would not have been necessary for the fair officials to have started the horses and they could have called it off, but they wished to give the people plenty of amusement and allowed the two horses to go for the full purse and the fast steppers finished in the order mentioned.

There were four entries in the running race, which event had been eagerly awaited by the large crowd. The purse was \$100, best two heats in three and they got away in good shape. Beau Brummel taking both heats, winning the race by a hard drive. This finished the program and it was dusk when the last horse came in under the wire, closing the big fair for 1934. The summaries:

Time: 2:23 1/4, 2:23 1/4, 2:23 1/4, 2:21 1/4.

FIRST IMPORTANT GRIDIRON GAMES IN MIDDLE WEST

(Associated Press Telegram)
Chicago, Oct. 3.—Football players of the central west, in good physical condition as a result of weeks of training, today went into the first important games of the 1934 season. Contests were scheduled for practically every college and university. The annual clash between the University of Chicago and Indiana scheduled for Chicago heading the list in importance as the one defeated loses the chance of winning the "big nine" championship. All other western conference eleven were to get into action, although against opponents of lesser importance. Football critics figured that Minnesota would get a thorough test in

the game with North Dakota while Perdu was regarded as an easy winner over Wabash. Illinois appeared to have a big advantage over Christian brothers and Lawrence, it was predicted; would prove an easy victim for Wisconsin. Ohio is to meet Ohio Wesleyan.

Michigan will receive its second test of the season by meeting Case at Ann Arbor. Notre Dame will go into action for the first time this season, playing Alma at Notre Dame.

CHICAGO IS FAVORITE OVER INDIANA TEAM.

(Associated Press Telegram)
Chicago, Oct. 3.—Although outweighed nearly eight pounds to the man, the University of Chicago eleven was made the favorite in the opening game of the Big Nine season today at Indiana University. The Chicagoans hoped to duplicate the score of last year when they defeated the Hoosiers 21 to 7.

Captain Desjardins, of the Chicago eleven will be kept out of the game, it was announced, as he is suffering from minor injuries.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel backache or bladder troubles you—Salts is fine for kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

RAYONET ATTACK BY THE BELGIANS.

(Associated Press Telegram)
London, Oct. 3.—A despatch from Antwerp to the Reuter Telegram company tells of the fighting around Antwerp. It says:

"The town of Liere was again bombarded by the Germans today and many houses were damaged. Tonight the Belgians with the bayonet replied to the German attack on the fort of Liere, captured thirty prisoners and inflicted severe losses on the Germans."

"The Belgians allowed the enemy to approach Waelham at night."

COMPARISON OF CONTENDERS IN WORLD'S SERIES

Combination of Youth and Age in Boston's Club Blended by Stallings.

(Associated Press Telegram)
New York, Oct. 3.—When the Philadelphia Athletics and the Boston Braves go into action in the twenty-third series for the world's championship baseball honors the diamond campaign will be fought out by teams which represent the old and new in the national sport. Although the average age of the leading players of the two combinations is not widely separated the Athletics' machine is so famous and its success so striking that it appears old by comparison with the squad that George Stallings whipped in shape in mid-summer and thus won a pennant for Boston. Taking twenty old players of the two teams as a basis it will be found that the average age of the Athletics is 26 1/2 years and the Braves 24 1/2 years.

While less than two years in average separates the teams the extremes are more marked in the Athletics than the Braves. Plank, Bender, Coombs, Oldring, Lapp and Thomas, are all past thirty but the majority of those who will figure in the daily line-up are several years under this age. The three youngest players in the squad are the pitchers, Bush, Pennock and Wyckoff.

The American league representatives have the advantage in years of baseball experience for the Philadelphia club players average fully a year more in time spent upon the professional than the Boston players. The Braves average is approximately five years, with Johnny Evers heading the list with twelve years of play. The point of professional service Plank leads the Athletics with thirteen years of baseball play and experience at his back. Bender is but one year behind and several others just fall short of double figures in their diamond career. As a result the Athletics' average is six years, notwithstanding the fact that a number of comparative youngsters are marshaled under the Philadelphia flag.

The team which will act as the standard bearers of the National league, is an interesting combination of the youth and age of the diamond. In some cases extremes have been blended. Manager Stallings in artful manner to make of the Braves a well-balanced team. This fact is illustrated in the scheme of attack and defense which enabled the Braves to win the National league. John Mauer, veteran of nearly 2000 games, is the oldest player in the sport, has a long record of effective second base with him, barely more than a boy's season with a league club. The same combination of old and young records of the men of the pitching staff show the oldest to be Otto Hess, with 23 years, and him Almost a boy Paul Suter at 19 years is the baby of the team.

SERVIANS SEND OFFICIAL REPORT OF OPERATIONS

(Associated Press Telegram)
London, Oct. 3.—The Nish, Serbia, correspondent of Reuter's Telegram company, has forwarded the following Serbian official communication: "The Serbian and Montenegrin troops which are marching on Sarajevo Bosnia, have left the line between Srebrenitz, Jaborina and Horvaths and after desperate attacks on the igrichta and Karlewa positions have gained a brilliant victory and occupied Vafresenitz."

SAGE TEA KEEPS YOUR HAIR DARK

It's Granmother's recipe to bring back color, thickness and lustre. Everybody is using it again.

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Plain Hypocrisy.

In these days of the near millennium one stands aghast to see the hypocrisy indulged in by the standard politicians in their explanation of the "bad" roads plank in their platform. While their candidate for governor, Mr. Willis, is giving newspaper interviews and writing letters to tell the people that the plank, as he "interprets" it, does not mean the abolishment of the state highway department, on the underhand, the committee of reaction in Columbus sends word out to the commissioners and officials that the plank means what it says, that the county commissioners themselves would build all roads and spend all road improvement monies. Truly, in times of stress and danger the politicians resort to anything to win. In the meantime the people are deeply thinking, and November will show that the voter knows how to read English as it is "writ" nowadays.

The War Correspondent.

When the war began, the news censor and his big blue pencil were very obvious. One could hardly tell whether a dispatch was describing the battle of Waterloo in 1815 or that of Liege in 1914. As the campaign proceeded, the lid was lifted quite a little. The world could see and hear the clash of Armageddon. But last week things seem to have tightened down again.

It is perhaps taken for granted that war movements must be conducted in secrecy. Yet one can't help feeling that a war correspondent performs a very important function, and one that an armed force distinctly needs.

It is the business of the trained military writer to present a vivid picture of the work of the soldiers. If the preparation of this account is left to the press agents of the war offices, all the color of the picture is left out. It becomes as pale and flat as a law brief, with little to arouse enthusiasm or win sympathy. But if the trained war correspondent is permitted to accompany the troops, and write with some freedom, he transmits to the world a

Not to Be Thought Of.
We are informed that numbering the players in football "commercializes the game." Then in the name of the blue skies above us, let the idea be dropped. Football, up-to-date, has been so far removed from any taint of commercialism. Why, Harvard, Yale and Princeton, rarely ever clear over \$50,000 each on the football season, which is only a trifle more than most major league professional baseball clubs gather in at the gate. How careless of anyone to introduce such a commercial suggestion as numbering a player who is out there working before 35,000 people at \$2 per—Collier's Weekly.

The Chinese.
In significant contrast to the hurried entrance of Japan into the war, China remains neutral and at peace. Her pacific stand is the more remarkable because it is Chinese territory, and not Japanese, from which the Japs are attempting to dislodge the Germans. Nothing could really illustrate better the unwarlike temper of the Chinese, the bellicose temper of the Japanese. China's passivity in the face of these irritants to her pride is partly due to her internal weakness, but it is also due to the peaceful spirit of her people. When she, like a giant, awakes from her long sleep of centuries to throw off the foreign yoke, then the Occident may well look to its safety. Whatever revenge she may take on Europe and Japan will be richly deserved.—St. Paul Pioneer Press.

By the Way

One reason a woman wants the ballot is that she wishes to vote against women who run for office.

It isn't much trouble to see the silver lining in the other fellow's cloud.

Being a man has its disadvantages. A woman can dab a little powder on hers, but a man must wash his neck.

You probably have noticed that the features of the fellow who says there never will be another war are familiar. We'll tell you who he is. He is the fellow who, when the colored gentleman whipped Jim Jeffries, said there never would be another prize fight in this country.

Unless a man is totally blind, his eyesight never becomes so poor he can not see a good looking woman.

A man goes back to his old home town and discovers that the girl he mistakes for the one he used to know is her granddaughter.

If a man doesn't care how he gets his money he can grow rich on those who believe there is a cure for old age.

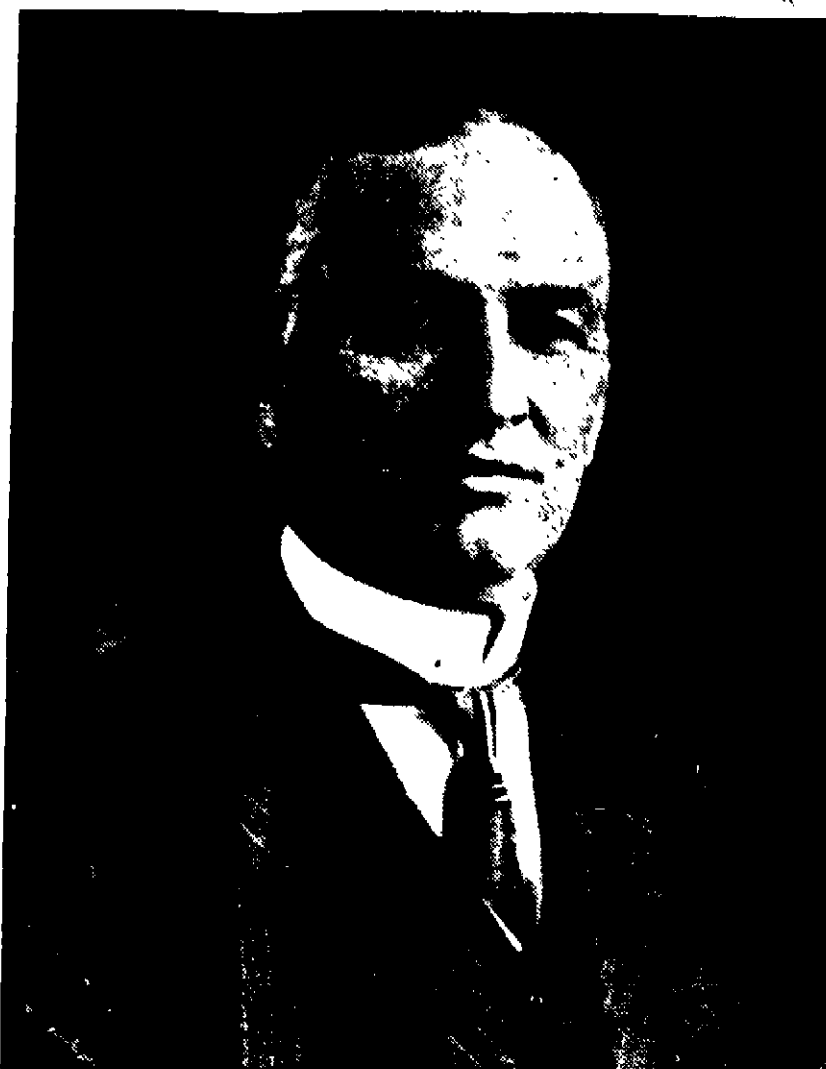

Women give up, but a man never realizes he doesn't amount to anything now and never will.

An actor who was reared in our town is playing on Broadway. One of our citizens has a dog the father of which was owned by the late J. P. Morzan. Otherwise, our town has few distinctions.

"Now, is there anything else I can show you around the Capitol?" asked the congressman.

Ashbrook For Congressman

WILLIAM A. ASHBROOK

The measure of a man's fitness for public office is his integrity, his ability, his loyalty to principles and his willingness to faithfully serve his constituents.

Because he has always been "on the square," because he has shown in past service his capacity, because he has always been devoted to the principles of Democracy and has always shown not only a willingness but an eagerness to serve and to accommodate his constituents, William A. Ashbrook deserves re-election to Congress one month from today.

The increased majorities accorded him at each election by the people of the seventeenth district testify to Mr. Ashbrook's popularity and this friendship that is shown him by the people comes from the record he has made for himself at Washington.

While many congressmen are at home campaigning for the November election, Mr. Ashbrook is "on the job" at Washington. He is there upholding the hands of the greatest president the United States has had in a half century.

The election of a Democratic house of representatives is an endorsement of Woodrow Wilson and his policies. The defeat of Democratic congressional candidates means a rebuke to the president.

The seventeenth congressional district is now comprised of Licking, Coshooton, Delaware, Knox, Richmond and Ashland counties. While four of these counties are new members of the seventeenth district, the handsome vote given to Mr. Ashbrook in every county of the district testifies to the fact that Mr. Ashbrook's record is well known all over the district. He is a congressman who has "made good" and there is no doubt that he will be re-elected on November 3.

MIND CURE.

Said the learned apothecary, as he banded me his pills, "These will make you blithe and merry, they will cure all human ills. They will kill the microbes buzzin' in your vitals and your head, if you'll only take a dozen just before you go to bed." So I took them for the glanders, which had held me for a spell, for the mumps and yaller janders, and they make me sound and well. Oh, those pills I recommended, till I saw their sales advance, and their merits I defended every time I had a chance. Then the able druggist perished, and a new one took the store, and the pills I loved and cherished weren't compounded any more. Then a sample pill I carried to an analyst of fame, and around his study tarried while he analyzed the same. And his laughter made him totter when his task was done, by jing: "This is made of flour and water, and it wouldn't cure a thing!" Thus the man of science lifted, for his task had made him gay; and I humbled felt and wilted, as I too, the pill away. Just the same, those pills had cured me, changed my health from bad to good, as the pharmacist assured me, on his honor, that they would!

He actually proved that his store burned the smoke, soot and gas from soft coal and showed conclusively that by using one of his New Globe Hot Blast Heaters you would realize a great saving of fuel. He showed how and why his wonderful stove heated the floor so much better than other stoves, which it held fire longer, was cleaner, etc., in a most convincing manner.

Memory Awakes

What care I for the war or who may wage!
Thank God that I am old and these dim eyes
Long since wept dry. Fear in her hideous guise
No more can haunt my pillow till the long night flies.
Whispering her dreamy tale.
What's it to me that others' bones must rot?
My share is paid in three wounds side by side.
And I live on, who gladly would have died.
With naught to lose, what'er may now befall—
Whether 'tis win or fail.
Women may lie with open eyes till the faint dawn
Thinking of lips that babble feebly to a departing sky—
Gray hands that clutch a water flask long since run dry—
Or husbands, lovers, sons—but not so I.
On dreamless seas I sail.

Prate not to me of war! I've had my fill
Of death and sacrifice and bitter tears.
Yon marching feet and blaring music in my ears
But rend apart my graves, now green these many years—
Make Time Fast stop its veil.

HOW WILD ELEPHANTS ARE CAPTURED IN INDIA.

Hunt Permitted Every Fifth Year.
What Huge Beasts Are Used For.

This is the year of the "elephant battue" in the great forests of Mysore, India.

The hunting of these gigantic animals is permitted in India only every fifth year. On the average from 200 to 250 wild elephants are captured during the battue season, and these are trained for the various purposes for which the Asiatic elephant is used.

In view of the vast strength possessed by full grown elephants, it seems at first sight almost incredible that they can be captured in herds, and quickly subdued to the will of their masters. At the present time, in Mysore, the regular methods of capturing wild elephants is for a large number of natives to go into the jungle, some mounted on tamed elephants and many on foot, and to make a great noise and hullabaloo, which results in driving herds of the wild elephants into stockades or often into ponds of water, which have previously been surrounded on all sides, except at the approaches, by immensely strong palisades. As soon as the herd is cornered the passages that had been left open are securely closed, and then the trained elephants are brought into play to cajole and subdue the perplexed prisoners.

In India elephants are no longer captured, as they still are in Africa, by means of a huge pitfall in the ground. In these traps they are often seriously injured or killed. The Indian elephant is somewhat smaller than the African and differs from it in other ways, as, for instance, in the fact that tusks are possessed only by the males, while both sexes have them in Africa.

With his enormous muscles and his dead weight of five or six tons an elephant can pull down or root up small trees, can pick up huge logs with his trunk and carry or throw them around like sticks, and since he is a very tractable beast when well tamed, he often does farm work of which a team of horses would be incapable. He can make a fence or place huge blocks of stone in a well. He is often employed to drag artillery wagons.

On a good level road an elephant will march at the rate of five miles an hour, and he is capable of running for short distances with a speed of twenty miles an hour. He can carry in regular service from 1,200 to 1,500 pounds.

GERMANS SWARM LIKE BEES.
Wounded Britisher Describes Irresistible Attacks in Advance on Paris.

A striking personal description of the work of the British expeditionary force, including the last heavy fighting outside Paris, is given by a driver of the royal artillery who has been in-validated home.

"The awfullest work of all began where we were posted to resist the German rush on Paris. On one slope leading to a position where our guns were posted the ground was slippery with blood, which was like a river at the foot, where there was an ever increasing pile of dead, dying and wounded.

"The fiercest fighting took place when the Germans tried to force a passage of the river at various points. As they came up the fords they were galled terribly by the rifle fire, and we kept plunging them with shells as fast as we could. For awhile it didn't seem to be of any use, for as one man fell another stepped forward to take his place. They had evidently made up their minds to get the pontoons into position regardless of cost in lives.

"The first party got them into position nicely, and then came rushing across it like a swarm of bees rushing out of their hive to see what was wrong. A shell from a French battery hidden on our left dropped right on them, and the thing went toppling into the river with its human load, being carried down stream under a heavy rifle and shell fire.

"The same thing went on the whole day, until we were sick of the sight, and the cries of the drowning and dying men were always ringing in our ears. That was the daily program as I saw it until I got hit and was sent home."

PRISONERS MUST SHAVE THEMSELVES

(Associated Press Telegram)
Columbus, Oct. 3.—Examiners of the state bureau of uniform accounting in a report made today found that Sheriff Arthur Carlisle of Portage county had been paying outside barbers for shaving prisoners in the county jail. The report states that such a practice is not permissible and that the prisoners should do their own shaving if it is necessary. The sheriff paid out a sum of \$17.50 for shaving prisoners, with the largest payment of over \$6 being made the day before Christmas. The practice was ordered discontinued.

Small Arms of Europe.

There has been some popular discussion of the small arms carried by the contending armies in Europe, a point upon which information has not been general. Special articles in the War Manual of the World's Work Magazine afford these particulars:

The German infantry uses the Mauser magazine rifle, model of 1888, caliber .311, firing a "spit ball" pointed like a lead pencil; velocity, 2,700 foot-seconds; sight range up to 2,000 yards. Cavalry uses Mauser magazine carbine and carries lances.

French infantry uses the Lebel magazine rifle .315 calibre, and the cavalry has a carbine of the same make. The Russian small arm for infantry is a "3-line" rifle, 1901 pattern, holding five cartridges; calibre .299; velocity, 2,075 foot-seconds; sight range up to 1,000 yards. Similar arm for the cavalry, but with a bayonet used by no other mounted troops.

Austrian infantry small arm, the Mannlicher magazine rifle, 1885 model, calibre .315. Cavalry, carbine of same make.

Italy has for its regular infantry the Mannlicher-Carcano magazine rifle, but the territorials still use the old Vetterli.

British infantry and cavalry use the Lee-Enfield rifle, calibre .303. The Belgians have the Mauser rifle, as have the Servians, the latter using the model of 1889.

Bulgaria has the Mannlicher rifle and carbine, and so has Rumania.

The Greeks use the Mannlicher-Schoenauer rifle, model of 1907.

Antioch.
Among the sacred cities of the east Antioch holds a high place, for it was here that the first Christian church was founded; it was, moreover, the center from which St. Paul conducted his missionary campaigns to convert the gentiles. In those days Antioch was a prosperous and thriving city, boasting of a population of half a million souls, while splendid Roman palaces and villas dotted the banks of the river Orontes, which flows through the town.

Today, says the Wide World Magazine, it is a sleepy, old world place, occupying scarcely one-tenth of its ancient area, and certainly possessing none of its former glory. Nevertheless it is in many ways a delightfully quaint and picturesque eastern city, with narrow, tortuous streets, every other house in which appears to possess an architectural style of its own.

W. C. T. U. COUNTY CONVENTION HELD AT ALEXANDRIA

Alexandria, O., Oct. 3.—The Licking County Woman's Christian Union held one of the best meetings in the twenty-six years since organized, at Alexandria. This meeting was largely attended as the campaign for state-wide prohibition has awakened our women as nothing else could. Timidity, fear and parliamentary rules were forgotten in the anxiety to do the utmost for this important issue. If women without the ballot can make a state dry, Ohio will go dry in November, 1914.

Mrs. Mary Stewart Powers and Mrs. Lucy E. Van Kirk laid out a plan of work for the local, and if the many good people can be aroused from their indifference, giving themselves and their money to the cause, we have nothing to fear. Ministers from Alexandria and Johnstown were in attendance helping with words of encouragement. The tried and true women of the county who have worked so faithfully were recognized and given the white ribbon salute and flowers.

The big undertaking for the year was erecting a permanent rest room in the county fair ground. The trustees kindly gave the ground, but how to raise \$325, the smallest possible sum needed, was a question. The county president, Mrs. Van Kirk, gave a call to the unions for the amount only about two weeks previous to the convention, and enthusiasm ran high when it was found that so many had responded, that less than \$50 remained unpaid.

Membership in the county has increased. Members from the new young people's branch at Newark were introduced; also, from the new "Evans" union of Newark, organized in May.

Reports from local presidents and county superintendents were very good, and all are working to make the state convention to be held in Newark, October 14-15-16, a power for good. The best part of the meeting was at 4 p. m., when seventy school children marched to the platform singing, formed in line and demonstrated the fact that they wanted Ohio dry, and would help to make Ohio dry.

The convention adjourned by forming the circle and singing "God Be With You 'Till We Meet Again." Many thanks to the kind women of Alexandria who served such a bounteous dinner and supper to both delegates and visitors, and to all who helped by their presence and sympathy.

These resolutions were adopted: Resolved, that we, the members of the Licking County W. C. T. U., assembled in our twenty-sixth annual convention, record our thanks to Almighty God for His care and help in the past and trust His guidance in the year before us.

That nothing less than total abstinence for the individual and prohibition for the state and nation be our aim.

That we go to our homes with a greater determination to win in this battle against the liquor traffic.

That we go with renewed courage and willingness to sacrifice more for our cause than ever before.

That we thank the ladies of the Alexandria union for their kind hospitality for the beautiful flowers, music and excellent dinner, and above all, for their loving kindness.

FAIR STATISTICS GIVEN OUT TODAY
The attendance at the county fair this year comes within a few tickets of that of 1912, when airplane flights were given for three consecutive days and when the attendance on Wednesday was over 4,000. This year Friday was the banner day when 13,128 paid admissions at the gate. The attendance Thursday was over 2,000 paid admissions and 1,900 Wednesday. The report is not yet completed but it will show that about 24,000 people paid admissions this year.

In 1910 there were 12,352 paid admissions; in 1911, 17,119, 1912, 24,125 and in 1913, 18,654, and this in spite of the fact that it rained three days during the fair.

The financial returns for this year will exceed those of any other year as more tickets were sold for the quarter stretch and grand stand than any time within the history of the fair.

WAGES REDUCED BY COMPANIES AT PITTSBURG
(Associated Press Telegram)
Pittsburgh, Oct. 3.—Announcement was made today that salaried employees of the Pittsburgh Coal company, not included in the wage agreement with the United Mine Workers of America or other unions, had, beginning Oct. 1, suffered a reduction of 10 per cent. The order is so worded as to apply to employees receiving \$100 a month or over.

The Westinghouse Electric and Manufacturing company and its allied interests announced a reduction of eight per cent for salaried employees. In each case the reductions are laid to depressed business, demanding economy and curtailment of operating expenses. The Carnegie Steel company announced yesterday that it would terminate its existing wage agreement with its 1,000 employees December 31 because of the European war.

The president reported 600 members in good standing in the sixteenth district, 17,000 members in Ohio.

Viennese Women After Looking at War Office Lists of Dead.

This is a group of Viennese mothers, who daily haunt the bulletin board placed outside the Austrian War office to see if their sons and husbands, of whom they have not heard since the war began, are among the wounded or the dead. It is just a photograph of one scene. A hundred of them might be taken every day. In this group there was one woman who had received word that her son had been killed. In the photograph she has her handkerchief to her face while she is steadied by her friends.

DIST. CONVENTION W. R. C. WILL MEET IN NEWARK IN 1915

At the district convention Women's Relief Corps, held in Memorial Hall, the following resolutions were adopted before adjournment to meet again in Newark in 1915.

Inasmuch as the members of the Sixteenth District Woman's Relief Corps are permitted to meet annually in convention, we feel that this is a privilege and desire to express our gratitude to our Heavenly Father for preserving our health and strength, thus enabling us to come together year after year; therefore be it

Resolved, that we return our thanks to Lament Corps No. 45 for its kind hospitality and hearty greeting.

Resolved, that we return our thanks to R. C. Bigbee, mayor of the city of Newark for his kindly words of welcome and encouragement in our patriotic work; to Sarah Smith, who responded to this address with becoming grace and dignity.

Resolved, that we return our sincere thanks to our Department President, Jeanette Marr for her presence and complimentary remarks in regard to the ritualistic work; also for the efficiency in the transaction of the business of the corps.

Resolved, that we return our thanks to Sara Smith, the district president, and all district officers for their able efforts in making this convention a decided success.

Resolved, that we return our thanks to Lament Post No. 71 for the use of their beautiful hall and to Woman's Relief Corps No. 45 for their bountiful dinner and lunch to the visitors and home members.

Respectfully submitted in F. C. & L. IDA T. BURCH, ETTA COKE, CHRISTINA REILLY.

Committee on resolutions. The following were chosen officers for the ensuing year: Mrs. Ida Burch of Hebron, president; Mrs. Cora Reamer of Mt. Vernon, senior vice president; Elizabeth McManus, secretary; Mrs. Eva Haughey, delegate to national convention to be held at Washington, D. C., 1915; Mrs. Lula Stone alternate.

The president reported 600 members in good standing in the sixteenth district, 17,000 members in Ohio.

MEETING FOR WOMEN.
Every woman in the city should hear Miss Rose Livingston, "The Angel of Chinatown," in her lecture at Taylor Hall, Friday, Oct. 9 at 7 p. m.

Miss Livingston's work is to rescue girls from the clutches of commercialized vice in the red light districts of New York City.

Her own bitter experience impels her to give her best efforts in saving other girls from a like fate. She has a unique and interesting personality. Don't fail to hear her.

In this meeting an excellent program will be rendered, and Miss Edna Pine will speak. These meetings are growing more and more interesting and the attendance is increasing with each successive service. You who are not attending, are missing something. Let us prove it to your satisfaction.

Ministerial Association.
The Newark Ministerial Association will meet in first regular session for the coming pastoral year, in Y. M. C. A. at 10 a. m. Monday October 5, 1914. The work of this meeting will be to adopt a constitution, elect officers, complete arrangements for special prayer and evangelistic services, and such other work as may be presented. A special invitation is extended to all ministers within the city and vicinity, to become members of the Association and thus be in touch with the general work. W. H. Baker, secretary-treasurer.

Apply Sloan's Freely For Lumbago.
Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism, and yields perfectly to Sloan's, which penetrates quickly all in through the pores, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any drugist and have it in the house against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

Business Proposition.
"At 3 o'clock tomorrow morning I will be prepared to answer your proposal of marriage."
"Why the delay?"
"It gives me time to play fair with another suit. If he doesn't come across when he hears of your offer, I'll take you."
"Under the circumstances I must withdraw my offer."
"Must you?" Then under the circumstances I waive the other chance and take you."—Cleveland Plain Dealer.

"Peace on Earth Good Will To Men"

"Come, ye disconsolate, where e'er ye languish: Come to the mercy-seat, fervently kneel; Here bring your wounded hearts, here tell your anguish; Earth has no sorrows that Heaven cannot heal!"

Prayer and peace are synonymous—both are exactly the opposite of turmoil and strife; of disturbed mental and spiritual conditions.

Peace and prayer represent unity of purpose, equable mind and heart, contrite and controlled dispositions.

Peace is essential to happiness; peace is essential to prosperity; peace is essential to the best good of life.

Misunderstandings are tempered; asperities are softened; differences are obliterated, through prayer—in faith believing.

"The effectual, fervent prayer of a righteous man availeth much," the prayers of earnest and sincere persons will remove mountains.

Peace is a possibility to those who come in an attitude of prayer, centering mind and heart on the great object—peace!

Though calamity stalk through the earth, though strife is rampant, though statesmen disagree and armies battle, prayer takes the serious questions at issue and solves them.

Peace is all about us; the Kingdom of God is within us!

"Intervene, O Lord, We Beseech Thee, with All Thy Quickening and Persuasive Power, That Wisdom, Mercy and Brotherly Love May Prevail."

Peace Prayers Suggested For All Church Services On Sunday, October 4th

PRESIDENT WILSON having issued a proclamation appointing Sunday, Oct. 4, as a day of prayer and requested "all God-fearing persons" to unite at their respective places of worship in supplication to Almighty God to restore concord among the nations now at war, the federal council of the churches of Christ in America and the Church Peace union unite in recommending that the president's proclamation be read in every church and that the whole day be given to intercession for the purposes named by the president.

Among the prayers for peace suggested for the day is this, one by Bishop David H. Greer of New-York:

O God, who hast met in old blood all nations of men to dwell on all the face of the earth, and who by thy word hast said that One is our Father, even God, and that all we are brethren, we pray thee in this dark hour of international strife that thou wilt open the eyes of the people and those who in thy name are intrusted with the authority of governance to see and understand the rights and wrongs of these and the things due to one another. Teach them by thy spirit that hatred and violence are not strength, but weakness; that the true safeguarding of a nation is not to be found in weapons of war, but in those eternal principles which are righteousness and truth and brotherhood and peace. Give to those who shall suffer in the war which is raging now the consolations of thy grace. Heal the sick, comfort the wounded, minister to the dying and bind up the broken heart. Bring, we pray thee, a speedy end to this strife, and hasten the time when peace shall flourish out of the earth and all shall dwell together in unity and love and war shall be no more. We ask it in the name of our Saviour, Jesus Christ. Amen!

Unity, Peace and Concord.

The following litany has been prepared by the Rev. W. T. Manning of Trinity Church, New York:

Almighty God, we pray that it may please thee to give to all nations, especially those now engaged in warfare, unity, peace and concord. O Almighty God, pray that it may please thee to deliver us from all evil and mischief, from plague, pestilence and famine, from battle and murder and sudden death. May emperors, kings, presidents, serve the King of kings. We remember our representatives in state and civil affairs and pray that in a peaceful and honorable manner they may settle this day the divine ideas of justice, truth, peace, temperance and purity be had in honor, through Jesus Christ our Lord.

O God, who alone canst order the unruly wills and affections of sinful men, we beseech thee so to govern the hearts and minds of our people that they may be conscious of their responsibilities of government that a way may be found for the speedy restoration of just and honorable peace amongst all nations. We ask it in the name of Jesus Christ, our Lord.

Have mercy, O Lord, upon all the wounded and suffering. Let thy angels be their comfort, although natural friends be far away. Raise them to health if it be good, but chiefly lead them such faith and patience that they may glorify thee upon earth and, as a result, safe from the assaults of Satan, may be able to stand in the field of glory, through Jesus Christ, our Lord.

O Lord Jesus, who hast said "Inasmuch as ye do it unto one of the least of these my brethren ye do it unto me," look upon those of thy servants who have been called by thee to tend the sick, the suffering and the wounded. Give them patience and tenderness, wisdom and truthfulness and the special guidance of the Holy Spirit in their work, so that they may faithfully minister to those to whom thou shalt send them, in thee and for thee. And may they be found worthy at the last to receive thy eternal reward, for thine are merit's sake.

Privileges We Enjoy.

Heavenly Father, we pray thee that we may feel the shame which all Christians that in spite of our love and power and presence in this world strife is still possible, that our hearts may be touched with a motive for who suffer, and with the desire to render aid, that we may feel due thankfulness for the privileges we enjoy as citizens of this republic.

O Lord Jesus Christ, who hast united thy disciples, "of one heart and of one mind," and who hast united us to thyself, we pray thee that we may feel the shame which all Christians that in spite of our love and power and presence in this world strife is still possible, that our hearts may be touched with a motive for who suffer, and with the desire to render aid, that we may feel due thankfulness for the privileges we enjoy as citizens of this republic.

To Don Cotton Gowns to Aid Planters.
Mrs. Annie Kincaid Dent of Yasco City, La., has appealed to women of the south to aid cotton planters by wearing cotton gowns. More than a score of New Orleans women noted for their gowns have agreed to discard silks and fine clothes for cotton. The movement promises to be widespread.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. It is now known that Catarrh is not a local disease and protracted local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore a general course of treatment is required. Catarrh is a disease of the blood, and is directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

EDUCATIONAL PICTURES.

The announcement by Rodney J. Diegle, shortly after his release from the Ohio penitentiary a few months ago, that he was about to go on the lecture platform and tell about the institution in which he was confined, was received with much interest. Since his release Mr. Diegle has occupied his time in preparing an exposition of prison life that is said by those in a position to know to be the most remarkable presentation of its kind in existence. Over 4000 feet of actual moving pictures have been made under Mr. Diegle's personal supervision, covering every phase of the big Ohio prison from the days of the old stockade up to the present time. These pictures portray with vivid realism the actual inside workings of the penitentiary. Mr. Diegle has for years been recognized as one of the most pleasing of public speakers, and he himself will describe in detail every scene as it is moving on the screen. It is no secret that even visitors are searched and required to leave their cameras outside the walls when they visit the penitentiary. For the first time in its 100 years history a camera was allowed to be operated in every department of the big prison under Mr. Diegle's direction. The present prison administration believing that publicity of this kind is the right of the public, and that the people have a right to know not only what is now being done for the reformation of the criminal class, but also how these men have been treated and how they have been compelled to live in the past. Rodney J. Diegle personally appears with his exposition of prison life at the Auditorium Sunday and Monday, afternoon and night.

"SARI" AT THE AUDITORIUM, TUESDAY, OCT. 8.

"Sari" is coming.

It's not a dance (though there are several dances in it). It's a girl's name. It's also the name of the Hungarian operetta which ran all last season in New York and which Henry W. Savage will offer at the Auditorium theatre for one performance, Tuesday, October 8. It's pronounced "Shar-ee". Learn to say it, then see it. It's the musical delight of the decade. To miss it is to miss the legitimate successor to "The Merry Widow." Both operettas were produced by Mr. Savage. The music was composed by Emmerich Kalman and has the swing and verve, the fire and passion which characterize Hungarian music. The hitting melodies of the song hits: "Love Has Wings," "Softly Through the Summer Night," "My Faithful Stradivari," and "Love's Own Sweet Song," haunt the memory for days after hearing them, while the rollicking, boisterous, joyous strains of the eccentric Hungarian folk-dance, "The Hazzaza," give one a new sensation.

Mr. Savage has given the operetta a gorgeous setting and costumes the like of which the brilliancy of their Hungarian coloring. And then there are the sensational futuristic ahead-of-the-models gowns, startling in design and color combination and guaranteed to come into fashion next year. The chorus of trained singers were selected for their fitness to display these gowns. Mr. Savage has provided a cast of unique excellence in that the members must be equally good as singers and as actors.

Y. M. C. A. NOTES

Earl E. Houser, room 12, received a slight injury to his wrist while firing on the B and O railroad. He took advantage of a few days leave of absence to visit his family in Lancaster.

Prof. H. J. Dickerson, rooming in No. 6, is spending a few days in Athens, O., visiting some of his Ohio University friends.

The association is in receipt of a Dallas, Texas, paper through the courtesy of C. C. Forry, a former member who is now located in the south.

The night school classes in English for foreigners will start Monday evening, October 8th, at 7 o'clock. The following young men from Denison University will assist in teaching these classes: R. C. Smart, J. Leslie Putman, A. B. Nicholson, and C. A. Powell.

Five young men met with Prof. F. F. Moulton of the high school on Thursday evening for training in this work.

The lunch counter will open Monday noon, October 8. Mrs. Laura Mitchell, who provided for the lunch counter last year, reached Newark last evening from Canton, where she spent the summer with relatives. She will have charge again this year.

Why do dozens of men in all walks of life enjoy the benefits of the gymnasium, baths and swimming pool? Because they get results in better health. An hour of body building exercise, then a brisk game full of fun, followed by a bath and swim makes a man feel like new.

The Y. M. C. A. will conduct a road race on Thanksgiving morning, over a course two miles long, starting from and finishing at the public square. Every man in the county over sixteen years of age is eligible. Prizes will be offered. Plan to enter.

Temporary work was secured for four young men within the past week. The association is now prepared with a filing system to keep lists of those wishing work, and also those wishing help. Boys who are out of a job should sign up.

The following new members have enrolled in the past week: John Davis, Chalmers Parker, Henry Blum, O. W. Criswell, and R. G. Bowden. This is the time to sign up for the fall and winter. The Association can accommodate 500 members. Let the old members boost for a large membership.

GREAT LIVING OBJECT LESSON IS THE AIM OF WOMEN WHO MARCH IN CLEVELAND SATURDAY FOR POLITICAL EQUALITY

Mrs. Mattie C. Spence

Mrs. Rufus C. Ranney

"We are giving a great living object lesson of the kind and numbers of women who want the ballot," says Mrs. Rufus C. Ranney of Cleveland, chairman of the Ohio suffrage parade committee. The parade occurs Saturday at four in the afternoon, commencing early in order to permit employees to take part. It will be led by Miss Mattie Spence, grand marshal, and embraces more

than a score of separate women's organizations, beside county delegations from a majority of Ohio counties. Over a thousand men plan to march. Cuyahoga county's contingent will be led by Mrs. Charles S. Brooks. Mrs. Elvira J. Bushnell, 83, is one of the many veteran suffragists to take part.

Simplicity is the keynote of the affair. There are but two floats, one of which will represent "Peace" and the other "The Pioneers." Sybilical figures carry banners representing the various nations of the world where suffrage has some degree of recognition. The ten states where women now vote will also be represented. The Ohio banner which has been carried in every state parade of

the past five years is borne by three young women who achieved honor in the hunt for signatures to the suffrage petition. They are Elizabeth Schamus of Toledo, who secured 1,423 signatures, Mildred Hadden of Burton, who secured 1,164, and Mrs. W. C. Marshall of Dayton, who secured a few more than one thousand.

Lodges

Knights of Maccabees. At the review on September 24, (Octagon Tent, K. O. T. M. held a very good meeting, over forty members were present. The work of the second and third degrees was put on by the local team in a very creditable way.

There were ten members to take the work and all expressed themselves as well pleased with the work. There were some of the older members present who do not attend very often, and from the interest they took they find that we are still alive, and if not alive we are a very lively ghost, and we are after more new members and are going to get them if there is a ghost of a chance.

Newark Lodge, No. 6222. Last Monday evening the second annual home-coming of Newark lodge was celebrated in full form. There was an excellent response to the roll call, over 100 brothers answering in person. We also had about twenty-five letters read from those who found it impossible to attend. Visiting brothers were present from twenty-three different lodges of this jurisdiction—Indiana and New York. Past Grand Master Kuntz delivered the address of the evening, which was enjoyed by all. Brother Coulson of Ulica lodge was present and gave a very interesting talk on Odd Fellowship. At the close of the meeting a smoker was enjoyed by the brothers. Be with us next Monday for important business.

Pocahontas.

At District 5, D. of P., held in Coshocton, September 29, the following officers were elected for next year:

Prophetess, Margaret Hall, Coshocton; Pocahontas, Mrs. Sherwood, Pleasant City; Wernoch, Jennie Bucy, Newark; keeper of records, Rebecca Kinhal, Cambridge; keeper of wampum, Katie Johns, Newark. The next district meeting will be held in Pleasant City.

Modern Woodmen.

Cedar Camp, No. 4727, M. W. of A., met in regular session on Wednesday night with a good turnout of the members. One application for beneficial membership was received and elected to become a member for the camp. The members are getting interested since the local camp deputies have been appointed and it was decided to have a class adoption on the night of November 11. This will give the camp deputies and the members plenty of time to get a nice class together for the class adoption. Remember, neighbors, if you secure the adoption of a new member for the camp, that you will receive the fee of \$2.50 for each new member that you bring in, and as the weather is now getting cooler, you should get busy and see how many you can secure for this class adoption for the night of November 11. The refreshment committee served sweet cider and gingerbread at the meeting Wednesday night, and it was enjoyed by all present. This is the month that is the last to all members who were suspended between the dates of February 1, 1912, and December 1, 1913, and if they wish to again be restored to membership, their application must be approved by the head clerk of the Modern Woodmen before the last day of October. No reinstatement of these neighbors will be accepted after October 31, 1914. A great many of the members have at this date been reinstated and if you know of a former member who was suspended between the above dates, you should endeavor to have him reinstated his membership. Now, neighbors, as the fall weather has set in you should make arrangements to attend the regular meetings of the camp every Wednesday night as this fall and winter there is going to be something doing every Wednesday night. Show the assistant camp deputies that you appreciate their efforts and help to secure a prospect for them and help yourself to the \$2.50 for each and every new member that is adopted by the camp, and takes up his benefit certificate.

K. of P.

Next Tuesday evening is expected to break all previous records of attendance at the meetings of Roland Lodge, No. 305. The chief attraction will be Grand Chancellor E. W. Ellis of Dayton, who will be the guest of honor. Besides this there are several other features that will certainly please you, one of them being the refreshments to be served. Come out, brothers, to this meeting. If you do not attend any more for six months. We would like to say a great deal more about this meeting, but the official censor said, nay. He wants to surprise you.

HEADACHE, COLDS
COSTIVE BOWELS,
TAKE CASCARETS

Get a 10-cent box now.
 You men and women who can't get
 feeling right—who have headache,
 coated tongue, bad taste and foul
 breath, dizziness, can't sleep, are
 bilious, nervous and upset bothered
 with a sick, gassy, disordered stom-
 ach, or have a bad cold.

Are you keeping your bowels clean
 with Cascarets, or merely forcing a
 passage every few days with salts,
 cathartic pills, or castor oil?

Cascarets work while you sleep;
 cleanse the stomach, remove the sour,
 undigested, fermenting food and foul
 gases; take the excess bile from the
 liver and carry out of the system all
 the constipated waste matter and
 poison in the bowels.

A Cascaret tonight will straighten
 you out by morning—a 10-cent box
 from any drug store will keep your
 stomach sweet, liver and bowels regu-
 lar, and head clear for months. Don't
 forget the children. They love Cas-
 carets because they taste good—never
 gripe or sicken.

 the First ward at the East Main
 Street United Brethren Church at
 8:30 Sunday night. All women in-
 vited.

Street Corner Talk.
 Mr. W. Griffith, a traveling sales-
 man will give a lecture at the south-
 west corner of the public square to-
 night at 7:30. Subject, "The Evolution
 of Society from Savagery to Civil-
 ization," everybody invited.

Social Friends.
 The Social Friends met in regular
 session Tuesday, Sept. 15 with a
 good attendance. All members are
 requested to come Tuesday, Oct. 6,
 as there will be candidates for in-
 itiation and the captain wants a full
 team.

Caught Big Muskallonge.
 A four foot muskallonge weighing
 twenty-four pounds has been caught
 in the Sandusky Bay. This is the
 first time a fish of that species has
 been captured in the Sandusky river
 or bay for a great many years. The
 fish is on display in one of the local
 stores in Sandusky City.

Simultaneous Services.
 The adjourned meeting of Chris-
 tian Workers will meet next Tues-
 day at Central Church of Christ at
 2:30 p. m. to complete arrangements
 for the neighborhood prayer meet-
 ings, preparatory to the evangelistic
 services. A large attendance from
 the churches is desired.—Robert
 Northey.

Fined For Assault.
 Fred Coleman, colored, arrested by
 Ohio Electric Officer Moser Friday
 afternoon following an altercation
 with a street car conductor, plead-
 ed guilty in police court Saturday
 morning and was fined \$25 and costs
 and sentenced to the county jail un-
 til the amount is paid. He waived
 his right to a trial by jury. Eight
 other cases of minor importance
 were disposed of.

Go to Benwood to Live.
 Mr. and Mrs. W. J. Benn, who
 have been visiting in Newark have
 gone to Wheeling, and will go to
 Benwood where they will make their
 future home. Mr. Benn and Mrs.
 Bertha L. Schaeffer were married
 in Akron on Wednesday, September
 30, and after visiting here have
 gone to Benwood, where Mr. Benn is
 employed as an engineer on the B.
 & O. road.

Grange Exhibits.
 The grange exhibits at the county
 fair were the admiration of thou-
 sands and many were the compliments
 passed upon the products of the
 farm and the manner in which they
 were arranged in making their
 awards gave Wyoming Valley grange
 first premium, Hanover grange sec-
 ond, Franklin grange third and New-
 ark grange fourth.

Search Collie Disappears.
 Mrs. W. A. Cunningham, of 263
 North Tenth street is very anxious
 over the disappearance of a fine
 Scotch collie. The dog left home
 Thursday night soon after biting
 Mrs. Cunningham on the arm. To the
 loss of the dog, which was a valuable
 one, is added the anxiety that it may
 have been afflicted with rabies. Any
 news of the collie dead or alive will
 be greatly appreciated by Mr. and
 Mrs. Cunningham and they offer a
 liberal reward for its return.

MEXICAN

SITUATION IS NOW SUCH THAT
 THE FACTIONS CAN COME
 TO AGREEMENT.

Considerable Force of American
 Soldiers Will be Left at Vera
 Cruz.

(ASSOCIATED PRESS TELEGRAM)
 Washington, Oct. 3.—Administra-
 tive officials here today awaited
 with interest further reports of the
 meeting at Mexico City of the lead-
 ers of the Carranza faction. It was
 thought the conferences would end
 its deliberations during the day.

Dispatches that had been received
 by the constitutionalist's agency
 here indicate that those in attend-
 ance at this meeting also would be
 present at the gathering at Aguas
 Calientes on Monday, which will be
 attended by representatives of Villa
 and Zapata as well. It is believed
 every effort will be made at that
 time to settle the differences be-
 tween the factions in Mexico.

Should an agreement be reached
 at Aguas Calientes it is planned to
 have the leaders of the several fac-
 tions go to Mexico City where a pro-
 visional president will be designated
 and arrangements made for elections
 and the formation of a permanent
 government.

While it has been announced that
 Vera Cruz will not be evacuated by
 American troops before Oct. 11, it
 was the opinion of government officials
 today that detachments might be
 withdrawn within the next two
 weeks. Should this be done a con-
 siderable force would be left at the
 Mexican city for as long a time as
 circumstances seemed to warrant.

FIGHTING CONTINUES
IS WIRELESS REPORT.

(ASSOCIATED PRESS TELEGRAM)
 On Board U. S. S. West Va., Ma-
 zatlan, Mex. Oct. 2.—By wireless to
 San Diego, Calif., Oct. 3.—The Mex-
 ican bandit Moresca was captured at
 Acapulco during the fighting on the
 night of Sept. 30. The fighting be-
 tween government and rebel troops
 continues, there, but so far foreign
 property has not been molested.
 Enough of General Carranza's troops
 are expected to arrive soon to con-
 trol the situation.

The American cruiser Yorktown
 is at Acapulco looking after foreign
 interests.

The military commandant at Ma-
 zatlan has seized the Occidental
 bank on orders from Mexico City.

ZAPATA WILL NOT
JOIN VILLA'S FORCES.

(ASSOCIATED PRESS TELEGRAM)
 Washington, Oct. 3.—Zapata will
 not join Villa, according to a report
 to constitutionalist headquarters
 here, from a Carranza agent in San
 Antonio. He reported that Ismael
 Palafox, Zapata's representative, said
 yesterday in San Antonio, after hav-
 ing conferred with General Villa in
 Chihuahua, that Zapata never would
 join Villa, "because Angeles had many
 federals with Huertistas and Felle-
 listas and other reactionary elements
 are joining Villa and soon will con-
 trol him, using him as a tool."

Another report which reached here
 today from a point along the border,
 says that General Domingo Arista,
 a Carranza supporter, defeated Gen-
 eral Urbina in Durango.

MUSTERING SOLDIERS
FOR CARRANZA ARMY.

(ASSOCIATED PRESS TELEGRAM)
 Texas City, Texas, Oct. 3.—Gener-
 al Miguel Ruelas, who arrived here
 yesterday from Vera Cruz on the
 steamship City of Mexico, is on his
 way, he declared today, to Lower
 California to muster several thou-
 sand former federal soldiers for
 General Carranza's army. Ruelas
 said he had just returned from Te-
 huantepec where he organized 8,000
 former federals for Carranza.

DESULTORY FIGHTING
BY OUTPOSTS WAS
STOPPED AT DAYBREAK.

 Naco, Sonora, Mexico, Oct. 3.—
 Forces under Governor Maytorena
 continued through the night desul-
 tory firing on the outposts of Gen-
 eral Hill's Naco garrison but ceased
 these tactics at daylight.

Hundreds of refugees from Naco
 slept out in the rain last night in the

FEDERAL STORIES
ABOUT M'GRAW
BEGIN TO COME

(ASSOCIATED PRESS TELEGRAM)
 Chicago, Oct. 3.—A story printed
 here today says the federal league
 has offered John J. McGraw, now
 manager of the Giants, the leader-
 ship of a federal league team to be
 placed next year in New York. The
 story hints McGraw is dissatisfied
 with a clause in his contract which
 provides a salary of \$20,000 a year
 if the Giants finish first or second,
 but cuts the salary to \$12,000 should
 the team end below second. Mem-
 bers of the Ward family, holders of
 the federal franchise in Brooklyn
 are said to have made McGraw the
 offer. The story says the Indianapolis
 team is to be placed in New
 York if McGraw will take its man-
 agement.

The Brooklyn federals are said to
 have signed for next year Walter
 Johnson, Ray Collins, Hans Lohr,
 Sherwood Magee, and Charles Dooin.

NEW YORK OFFICIALS
LAUGH AT STORY.

New York, Oct. 3.—The officers
 of the New York National Club
 laughed heartily when they heard
 the story intimating that McGraw
 might manage a Federal League
 club next season. Secretary Foster
 stated that McGraw was bound to
 the club by a cast iron contract
 which had several years yet to run.
 He said in part:

"This is just another example of
 ridiculous yarns spread broadcast."
 To the effect of 1913 Alaska had pro-
 duced about 100,000,000 worth of the
 value of \$245,000,000.

Warships Chase Each Other Around
West Indies, and Natives are Busy
Fortifying Islands Not Before Known

(ASSOCIATED PRESS TELEGRAM)

New York, Oct. 3.—The steamer
 Korona today brought a cargo of
 war tales from the West Indies.
 Every native there sleeps with his
 gun under his pillow, said the
 Korona's sailors. Little specks of
 islands that no one ever heard of
 north of the tropic of cancer, are
 building up towering breastworks;
 barefooted natives, yesterday's no-
 bodies, are today's generals; roust-
 abouts are soldiers; every town has
 a guard; every island distrusts
 every other island. Ten thousand
 rusty flint-lock muskets rule the
 land; and from the sea come tales
 of strange men-of-war threading in
 and out among the islands, always
 seeking and never finding one an-
 other.

This was the war gossip current
 among sailors from other ports
 when they met on the docks at St.
 Lucia. "One of the interesting
 Korona's assistant purser, "was the
 native guard. Every native on the
 island is happy these days, for he
 totes a gun, rides on a bicycle, and
 marches behind a brass band, and
 the government pays for it all.

"Some of the 'strangest' looking
 bicycles I ever saw have been com-
 mandered. Some of them are old
 high-wheeled affairs that our daddies
 rode; some of them have no tires
 and most of them are red with rust,
 and all of them squeak. I heard the
 troops coming two blocks away.
 And the arms they carry are in the
 same class. At Barbadoes every
 negro and Chinaman on the island
 has joined the army. They have
 what they call a life-guard to pro-
 tect the place. What they are
 afraid of, I don't know; but I heard
 that they had been told that the
 Kaiser was planning to send his fleet
 over and capture the possession.
 That was enough for these natives.
 They built up a line of breastworks
 that the whole of Europe couldn't
 take. They fire a cannon every time
 a ship is sighted. They have built
 up a lot of powder that way. I un-
 derstand. Whenever the old can-
 non cuts loose, the army comes,
 like-up-spilling for the breastworks at
 their muzzle-loaders and their der-
 ringers and you've got to show them

that you don't mean any monkey
 business.
 At Dominquez, near St. Thomas,
 the natives have built a little fort
 just to fight the German navy when
 it does come. There aren't enough
 white men in Dominques to hold a
 meeting and not many more colored.
 In the center of their fort they
 have planted a tall flagpole. Every
 morning at daylight a man pulls
 himself up to the top of that flag-
 pole with a pulley, unfolds a cam-
 pool and sticks there looking out to
 sea. He is looking for the German
 navy. Two hours later he comes
 down and another man takes his
 place. This has been kept up every
 day for weeks from dawn till dark-
 ness.

"English, French and German
 warships chase each other around
 the islands, and it's no wonder the
 natives are fixy. At St. Lucia there
 were nineteen ships tied up all
 afraid to stir outside the harbor.

"At Lucia we saw the Hamburg-
 American liner Spreewald, which
 was captured by the British cruiser
 Berwick. The Spreewald, loaded to
 the gunwales with prime South
 American beef, was nosing around
 the islands when the Berwick spot-
 ted her about daylight one morn-
 ing. The Germans did not take any
 chance, so she lay too. When the
 British were launching their boats
 to send over a prize crew the Spre-
 wald's captain got busy with the re-
 frigerator and the machinery. He
 opened up the hatches and shut
 down the plant, and I hear, he fixed
 it so that a lot of the beef spoiled.
 Then he threw a wrench into the
 wireless plant and put that out of
 commission.

"There was another Hamburg-
 American liner that the English
 came near nipping, too. This was
 the President. We heard she hailed
 out of Havana with all lights dark-
 ened one night with 10,000 cases of
 condensed milk on board, bound for
 no particular destination. Of course
 it may have been condensed milk,
 but the British thought otherwise.
 They trailed her for a day and a night.
 Just before dawn the German sailed into
 St. Thomas with the Berwick not
 two miles away. One night the Ber-
 wick got careless and the German
 slipped out of port. We heard she
 made San Juan all right."

Utica Wallops Newark High
In Saturday's Football Game;
Scores Two Easy Touchdowns

Some forty or fifty Utica people,
 including a number of pupils from
 the Utica high school, came to New-
 ark Saturday morning and watched
 the football team representing their
 village while the everlasting day-
 lights out of the Newark high
 school team. The footballers from
 the village seemed to have little trou-
 ble in administering the beating, in
 fact, they smashed the Newark line
 or tore round the ends almost at
 will. All this despite the fact that
 Newark outwheeled them and
 should have been able to at least
 hold the visiting lads scoreless.

The whole secret of the Utica
 team's success was written in the
 faces of the players. It was grim
 determination which was apparent
 in the manner in which they exe-
 cuted every play called by Quarter-
 back Abbott.

Abbott himself wasn't much larger
 than a pint of cider, but he was a
 bear cat on offense. He didn't over-
 work any particular man, neither
 did he shirk his part of the offen-
 sive work and when he carried the
 ball, it took well half the New-
 ark team to stop him.

The Newark boys, who have en-
 tered football more or less half-
 heartedly for the past several years,
 should be able to draw a valuable
 lesson from the machine-like work
 of their Saturday opponents. With
 a small squad of material to work
 with, Coach Klinebar has developed a
 team which is fast on its feet. Its
 determination to do or die consti-
 tutes the remainder of its ability.

With a much larger school from
 which to draw his material, Coach
 Millisor of the Newark team has
 found it difficult to get even a pass-
 able team together and most of the
 players on this team play half-
 heartedly, lazily and not altogether
 courageously.

While Saturday morning's game
 did not show any particular lack of
 courage, it was apparent from the
 start that the men were not follow-
 ing instructions of the coach, either
 in offense or defense.

A greater interest in the daily
 practice, a more determined effort
 both on offense and defense, a
 quicker action in executing plays
 must be acquired by Newark's eleven
 if it does not want to be disgrace-
 fully defeated on the remaining
 games of its schedule.

For Utica, Hampton and Pema-
 row the stars seemed most
 brilliant. For Newark, Jones was
 about the only one who did any real
 playing and Jersey only showed
 flashes of reason.

Bride and Groom Ended Day In City Hospital Having Been Thrown From Rig on Way Home

Mr. and Mrs. Jesse L. Crawford of Toboso, bride and groom of but a few hours, wound up their wedding day in the City Hospital, after going through experiences which fall to the lot of few newly weds. Both suffered severe injuries about 8 o'clock Friday night when their buggy crashed into the new bridge near Clay Lick while they were enroute home.

The Bazler & Bradley ambulance hurried the bride and groom to the City Hospital where Dr. U. K. Essington looked after their injuries. Mrs. Crawford was the most seriously hurt

of the two. She had two ugly scalp wounds which required several stitches to close.

Mrs. Crawford was formerly Miss Effie O. Sines of Toboso. The young couple came to Newark Friday morning, secured a marriage license and were married. They attended the fair in the afternoon and shortly after dark started on their way to their home at Toboso. They had proceeded as far as Clay Lick when their rig struck the siders of the bridge, throwing them both from the vehicle. While quite severe, their injuries are not regarded as serious.

DEMOCRATS REVISING THE WAR TAX BILL

AGREEMENT FOR A REDUCTION OF THE LEVY ON GASOLINE AND AUTOMOBILES

Tax of 50 Cents a Barrel on Beer Retained—Senate Working on House Bill

(Associated Press Telegram)

Washington, Oct. 3.—Work of revising the House war revenue bill was continued today by Democrats of the Senate finance committee. They hoped to finish their work by tonight.

The committee had before it for consideration today a recommendation of its sub-committee for the elimination of the proposed tax of \$2 a thousand on bank capital and surplus and the substitution of a stamp tax on checks, drafts, certificates of deposit and other negotiable paper. The tax on checks, drafts, etc., would be two cents and on certificates of deposit, etc., two cents for each \$100, bringing it as figured, approximately \$10,000,000 of revenue annually.

The action of the committee in agreeing to a reduction of the proposed tax on gasoline from two cents to one cent a gallon and the imposition of a levy of fifty cents per horsepower on automobiles sales, was expected. It has generally been believed that an automobile tax would be substituted for the gasoline tax. From the tax on gasoline, it is estimated the revenue would be about \$10,000,000 a year.

Retention of the proposed increased tax of fifty cents a barrel on beer as provided in the house bill also was agreed upon. A further increase of 25 cents may be made if more revenue is needed.

Upon the recommendation of the treasury department the committee decided to retain the tax of 20 cents a gallon on the sweet domestic wines as provided for in the house bill and to reduce the house rate on dry wines from 12 cents to 8 cents.

Democrats of the Senate finance committee after prolonged debate in executive session decided to retain the proposed tax of \$2 a thousand on bank capital and surplus in the war revenue bill as it passed the House.

Protests against the tax on automobile owners and manufacturers were presented by Senators Smith and Townsend of Michigan, for manufacturers with plants located in that state.

Senator Vanderman introduced and had passed a resolution calling upon the secretary of the treasury to estimate how much could be saved by making proportional deduction from salaries of all government employees ranging from two per cent. on \$1,500 salaries to ten per cent. on those above \$7,500.

DARING

DEED OF TWO GERMAN OFFICERS WHO PENETRATED THE FRENCH LINES

At Night Passed Outposts and Dynamited a Bridge After Swimming the River Meuse.

(Associated Press Telegram)

Berlin, Oct. 3.—Via The Hague and London.—A daring deed of two German officers attached to the Twenty-fourth Pioneer resulted in the destruction of a railroad line upon which the French were transporting ammunition and reinforcements greatly needed by them to resist the Germans. Details of this occurrence have just been published here.

The two officers penetrated the French lines by swimming across the Meuse and making their way through swamps and over canals. They passed the French outposts and bivouacs and finally reached the railroad embankment, which they blew up with dynamite.

After this they cut an underground telegraph wire and then returned in safety to their own lines. The following details are given by a lieutenant who was one of the participants in the daring enterprise:

"The night of the deed was blowing a hurricane. A part of the ground was familiar to us, particularly the near side of the Meuse, and the location of some of the French outposts, but nothing was known of the other side of the river except the location of the railroad that had been marked for destruction. The first part of the journey was comparatively easy. Going forward quietly we soon came to the canal on the left bank of the Meuse, which was closely guarded.

"Finally we arrived at a bridge. Here we killed the French guard, making no noise about it. After this we descended into a bog along the river and going further we crossed several canals by swimming. Our teeth chattering with the cold, we finally reached the banks of the Meuse, which here was about 55 yards wide. We laid aside our sabers and I tried to swim across first, but the current was too strong. We then divested ourselves of our shoes and all other weights that would retard us in swimming, keeping with us virtually nothing more than the explosives. In this shape we managed to swim the river. On the other side another difficulty awaited us. There was a swamp at this point, and we could find no place to land. We floated down stream until finally we were fortunate enough to get a footing. Then we climbed out.

"We plowed ahead in mud often over our knees, exercising the greatest caution. It was the hardest kind of going. Finally we reached

the spot selected for destruction. We laid our mine and set and lighted the time fuses, which we had carried up to this time tied in our hair. We were waiting for the explosion but in the meantime we were still in danger of detection by French troops not far away.

"The fuse worked and the explosion came on time. At 1 o'clock a French cavalry patrol dashed up and began firing into the swamp where we were hiding. This swamp was now a good ally. We eluded pursuit and got away.

"Later we came to a village and at the point of our revolvers, we requisitioned a horse and wagon. Then began a wild ride back to our lines."

The two officers have received the decoration of the Iron Cross for their exploit. Another lieutenant and a corporal who started on this trip evidently lost their lives by drowning.

BANKER CLEWS ON SITUATION AS NOW APPEARS

New York, Oct. 3.—Henry Clews, the banker, said today further progress can be recorded in the adjustment of industrial and financial affairs to war conditions. The most important improvement has been in the foreign exchange situation, facilitated by operation of the new \$100,000,000 gold pool which made its first shipment of \$10,000,000 to Canada during the latter half of the week. Sterling exchange was thus being put upon a more practical basis, and foreign intercourse, commercially and financially, will be materially helped thereby. Another encouraging development was the naming of directors for the Federal reserve banks in the principal cities.

The home monetary situation shows signs of lessened strain. Credit is being contracted, or more properly speaking, a conservative effect of which is to impose considerable restraint upon trade and enterprise. As a result the public is economizing, which further lessens the activity of business and acts as a minimizer of credit. It is evidently believed that in a few months the money market will be glutted with idle funds, especially in view of the expansion of the currency which has recently taken place under the Aldrich-Vreeland emergency law. Bank clearings for the entire country are running 25 to 30 per cent below a year ago, thus emphasizing the contraction of business, although this decrease must be very largely due to the stoppage of Stock Exchange transactions. The effect of the war upon new capital issues of railroads and industrial corporations during September were only about \$27,000,000, a new low record, as compared with nearly \$70,000,000 a year ago. Much of last month's amount was intended for the extension of municipal obligations. The output of municipal bonds in September was only \$1,850,000, against \$24,500,000 in the same month last year. Contrary to general belief, commodity prices are lower than a month ago. Wheat, corn, cotton, provisions, iron, copper and many of the articles made from these products have been selling at lower prices, chiefly owing to ample supplies and the lessened demand brought on by the stagnation following the war.

Home affairs have been largely forgotten owing to the diversion of public attention to the war. Congress will shortly adjourn until the new congress assembles in December next. That session will be a short one, expiring in March. The prospect therefore is for little further new legislation of importance. President Wilson has succeeded in most of his legislative plans, and seems to have little further object in holding congress together except to pass the shipping purchase bill which he is still understood to favor.

VIENNA REPORT RIDICULES REPORT OF THE SERBIANS

(Associated Press Telegram)

Vienna, Oct. 3.—Via London, Oct. 3.—An official communication signed by Field Marshal Pettkoek has been given out here as follows:

"For the past two days our troops in Serbia have been attacking the enemy. Up to the present time our offensive movements against the enemy who is strongly fortified in positions further protected with barbed wire entanglements have proceeded slowly but favorably.

"There has been started energetically a movement to clear the regions in Bosnia which have been disturbed by Serbian and Montenegrin troops and irregulars.

"The announcement from Serbia concerning the annihilation of the 40th division of the Hungarian Honved is a further proof of the vivid imagination of the Serbians. This division of troops, as the Serbians during the past few days have repeatedly had opportunity to learn, is in the best of condition at the battle front and it participated gloriously in engagements last week at Visegrad and elsewhere.

Obituary

Charles G. Hill, well known Newark transfer man, died Friday night at 9 o'clock at the Newark Sanitarium from blood poisoning which resulted from an infected tooth. He has been a patient at the Sanitarium for a week and his illness developed just two weeks ago. While it was known that his condition was serious, the announcement of his death caused a shock to his many friends in the city.

Mr. Hill was born in Iowa, March 23, 1859 and at the time of his death was past 55 years of age. He was a son of Jesse Hill. He leaves to mourn his death his widow and eight brothers and sisters. There are no children.

The deceased was for the past several years, engaged in the transfer and drayage business in Newark. He was a member of the K. of P., and this order will take part in the funeral services.

The body was removed to the Bazler & Bradley morgue and prepared for burial, later being taken to his home, 26 Charles street. Funeral services will be held Sunday afternoon at 2 o'clock at the Maple Avenue C. T. Church. Interment at Cedar Hill cemetery.

Mrs. Leon Ortman.

Mrs. Leon Ortman, age 43, died at the City Hospital on Friday morning at 5 o'clock. She was taken there Sunday evening from her home in Thornville. The deceased is survived by the husband and five children. The body was taken to Martins unobtainable parlors and later removed to the home in Thornville.

Funeral services will be held on Sunday morning at 1 o'clock, the Methodist Episcopal pastor officiating. Burial will be made in the Thornville cemetery.

BOY INJURED BY AUTO IN GRANVILLE ST.

Earl Woveries, 15, son of Otto Woveries of 232 Granville street, collided with the C. E. Ditts automobile near the Woveries home, and suffered the fracture of several ribs, his right shoulder was dislocated, and several teeth knocked out shortly before noon Saturday. Mr. Ditts, faced the lad in his machine and hurried him to the Newark Sanitarium, where the injuries were dressed. He was later removed to his home in the Bazler & Bradley ambulance.

The boy was playing in the street and started to run across to the other side, not noticing the approach of the machine which struck him.

Mr. Woveries, the boy's father, suffered hurts about the face Saturday morning when he shot (exhaust) from his automobile, which he was driving, struck him near the eye.

SEVERE BATTLE ABOUT ANTWERP IS DESCRIBED

(Associated Press Telegram)

London, Oct. 3.—Describing the fighting of Friday in the environs of Antwerp, the correspondent of the Times says:

"During the early hours of Friday there was a heavy bombardment of the whole line of the Antwerp defense from Boom, five and one-half miles northwest of Malines, to Lier, nine miles southeast of Antwerp. It was especially severe at the front of Wavre-St. Catherine. Towards midday the firing of the Germans became desultory and perfunctory.

"The Belgian artillery continued active but the German reply was intermittent and chiefly directed on the bridge in the village of Awehem.

"During the morning the Germans penetrated to the fort of Wavre-St. Catherine but were driven back."

SAFETY FIRST

More than anything else, must safety be considered in your prescriptions. The Doctor who writes your prescription may have it correct in every detail but if the pharmacist who compounds it makes a mistake, it may be fatal.

The City Drug Store makes a great specialty of prescriptions. Three registered pharmacists are in constant attendance who are trained to understand and obey in prescription filling.

We give just what the Doctor calls for without change, alteration or substitution and give it in the best and purest form known to the trade. Whatever your wants may be in the drug line we are ready to supply you. Everything that is carried in a first class drug house is to be found here. Come in and look over our store.

RECEPTION

HELD BY PRESIDENT AND MRS. C. W. CHAMBERLAIN WAS THE FIRST OF YEAR.

Young Women Give Play in Recital Hall—Warren Pond's Death—News Notes.

(Special to The Advocate) Granville, Oct. 3.—President and Mrs. C. W. Chamberlain held their first reception of the year in their home on College Hill, last evening from half-past seven until ten o'clock. Only members of the Denison faculty, their wives, the members of the Denison faculty and regular members of the Denison board with their wives, were invited. The honor guests were the new members of the faculty, who stood in line with President and Mrs. Chamberlain. Assistant hostesses were Mrs. T. G. Field and Mrs. W. P. Ullman, a cousin of Dr. Chamberlain. Miss Lydia Boswell and Miss Judith Nichols dispensed the charming hospitality in the dining room, and Misses McKibben and McCafferty presided at the punch bowl in the library. The spacious rooms were simply but most artistically decorated, and formed a harmonious setting for the many handsome costumes of the ladies. Rev. Arthur C. Baldwin of Boston was among those present.

The Philomathean Extra in Recital Hall last evening, October 2, was well attended and greatly enjoyed, as was attested by the enthusiastic applause.

The president, Miss Margaret Barker presided with graceful ease and announced the members of the well arranged program. Speciality worthy of note was the vocal solo by Misses Emily Jones, Elizabeth Porter and Mabel Spencer. The exercises concluded with a delightful play, entitled "King's Daughters." Miss Grace Jones as "Aunt Clarissa," made a decided hit, and Miss Margaret R. Jones as "Rebecca Spencer," gave a fine character study of the "Old Maid." Miss Burns as Polly Graham was an ideal type of little girl. All the other parts were well sustained, though lack of space forbids detailed mention.

The death of Mr. Warren J. Pond, one of Granville's most prominent and esteemed citizens, occurred at his home in College street, Friday morning at 8 o'clock. Although Mr. Pond had been confined to his bed for the past three weeks, his death comes as a shock to his devoted family and his many friends in Granville. Notice of the funeral will be given later, after the arrival of the two sons, Henry and Robert, from Chicago. The bereaved wife has the sympathy of the community.

Mr. and Mrs. Ferris Nichols, little son, and Miss Kitty Humphrey, who have been in Granville for the summer, will leave Sunday evening for their home in Wilmington, S. C.

Mrs. Burton Case will leave this evening for Stone Falls, S. D., where she will visit for a short time at the home of her son-in-law and daughter, Mr. and Mrs. R. S. Edwards.

This morning the Doane Academy football squad engaged "Dutch" Pfeiffer.

Charge of Insanity As Divorce Grounds

Now A. Nash has filed a petition in common pleas court asking for a divorce from her husband, Herbert J. Nash. The petition recites that they were married Aug. 25, 1893, and that two children were born to them, now aged 15 and 12 years; that on March 21, 1901, her husband was indicted for a crime and that on March 29 of the same year he was adjudged insane and taken to the state hospital at Columbus. Mrs. Nash states that for three years previous to that time he was kind to her, frequently beating and kicking her and that he also failed to contribute to her support. She states that defendant is the owner of 20 acres of land in Huntington township, and that she has a great deal of support and a check for \$100 a month for a divorce. She also states that she is the mother of two children, now aged 15 and 12 years, and that she is the owner of 20 acres of land in Huntington township.
